

COMMUNITY PARK

As we begin another year of enjoying our park and playground please do so with respect for the grounds and equipment as well as for each other.

I ask that you use the trash cans that are available for your trash in help keeping the park clean.

Please refrain from Smoking or Vaping as a courtesy to others.

I know as a parent we like to show our children how to use the playground equipment , but remember the equipment we have up there is for children up to the age of 13 and therefore is not designed for adult use.

Let us all do our part to take care of our Community Park and Playground so that families and children can enjoy it for years to come.

Thank you for your cooperation and respect.

Mayor Terrance J. McConnell-
